

CYPRUS TURKISH AIRLINES

11-12 Pall Mall, London, SW1Y 5LU Tel: 020 7925 3934 Fax: 020 7930 1046

Carriage of live Animals on Cyprus Turkish Airlines flights.

Further to our telephone conversation of today, please find enclosed information relating to passengers wanting to send their pets from the UK to North Cyprus.

The following permits needs to be obtained prior to sending your pet.

Export permit from DEFRA.

Tel : 020 7904 6412

Fax: 020 7904 6395

www.defra.gov.uk/corporate/contacts/adho.htm#east

Import Permit from Veterinary Office in North Cyprus (if traveling to Cyprus)

Tel : 00 90 392 2253551

Fax: 00 90 392 2253536

If your pet requires a container exceeding 30" inches in height, please consult us or your agent before purchasing one. If you have any doubts about the container you may already have, please contact either us or your agent.

Cyprus Turkish Airlines does not accept any liability in the event of a change of aircraft type due to operational or technical reasons. Sometime this occurs on the day of the flight. We will do our best to re schedule your pet on to the next suitable flight.

Please make sure you have made necessary arrangements for the pet to be collected and returned for the next available flight just incase of an off load from a flight

Please ensure that you or your agent calls us 24 hours prior to departure date to check the suitability of the aircraft. (No bookings are permitted for Sunday and Monday departures)

You can use your own agent if you know of one or alternatively you may use one of our agents for cargo arrangements.

Stansted departures ; Fistral Impex Limited on 01279 680345
Heathrow departures; Airpets Oceanic on 01753 685 571 or visit their web site on
www.airpets.co.uk
Manchester departures; Skymaster on 0161 4362190.

If you are not satisfied with the above recommendation please contact us so that we can supply you with alternate names and numbers.

In addition to the health and documentation requirements, it is important that your pet must travel in a suitable container which must be well ventilated, large enough for the animal to stand up, lie down and turnaround freely. The container you are purchasing must be suitable for Air Transportation and IATA approved. No part of the animal is allowed to protrude from the container and it should be secure and leak proof. We do not recommend sedation.

Before we can accept your booking, please ensure that you sign the final page and return to us.

Yours sincerely,

.....
Adnan DEMIRAY

PLEASE POST, FAX or E-MAIL (adnan@kthylondon.co.uk) THIS LETTER TO US.
